

# Artilleriet x Tre Sekel Kitchen

Artilleriet x Tre Sekel Kitchen is designed with the idea of a furniture with the functionality of a kitchen. Nothing is hidden, it is pure with all parts of the construction visible to the user. The kitchen is tactile, composed without handles, supposed to be touched, for extensive every day use. The materials and finishes are carefully chosen, with highest possible quality, to create a kitchen that live long, age with grace and last for generations.

Cabinet frames, drawers and doors are produced from pure solid wood from Swedish forests. All wood is oak treated with white soap or smoked. Drawers are equipped with dovetail joints and interiors draped with Tärnsjö leather etc. This will be matched with the perfect countertop, appliances and taps. All Kitchens are delivered assembled.
